- Property/Contents Saved is calculated by subtracting the Property/Contents Loss from the Pre-Incident Value.
- Property/Contents Loss are estimates only and are intended to provide an idea of how much damage the fire caused and the replacement cost of damaged property.
- These estimates are not recognized in court as official appraisals of value.
- The Property/Contents Loss/Value fields need to be completed for every fire incident.

NOTES

- All data is compiled 50 days after the end of the month. For example, NFIRS data utilized for this report was received before March 20.
- Any errors or updates in this report regarding your department's data or information about your department should immediately be reported to SCFIRS.
- January data was gathered from 224 of 437, or 51% of S.C. fire departments.
- There have been 31,264 incidents reported to SCFIRS this year. This represents an estimated 49% of all S.C. incidents. To increase this number and improve analysis of the South Carolina fire problem, fire departments are encouraged to send NFIRS reports on a consistent, monthly basis.
